----- Sample report from the enhanced Sinder Datamanager and reporting. This report can be run by servicing facility(hospital, nursing home, etc) as well, with the out put in the same format. Note that you can at any time interval get statistical information by provider and location . This particular example is by profit center within one clinic. There is only one provider on staff, however we can breakdown his production, receipts and adjustments by the office profit center. ----- This can be reported monthly, Quarterly, semi-annual or annually. You can also compare prior year. ---
