

SINDER

(THE PAS-3 PRACTICE DATABASE MANAGER)

from

TNT Computers

FINALLY, THE PAS-3 ACCESSORY TO HANDLE YOUR PARTICULAR NEEDS!!!

What is it? Do I need It? Will I use it? Can It grow with me?

YES---YES-----YES-----YES-----YES---YES-----YES---YES

Sinder was designed with the needs of YOU and your Dealer in mind. Its basic function is to help make customer support easier and reporting of data more complete. Its a toolkit, a report generator and a data integrity package developed by one of the leading PAS-3 MASTER DEALERS in the Country. After much deliberation, its birth came about by user/dealer demand. Its currently comprised of over 150 utility and report programs.

- | | |
|--|--|
